## PROFILE

---

I am an innovative, creative and adaptable front-end Developer/Engineer with good experience in maintaining and building web pages. I am highly skilled at design systems and UI Engineering. I am smart, objective and teachable as I continuously learn necessary skills to become a top class Developer.

## WORK EXPERIENCE

---

### Learning

Oct 2021 - present

- I'm a self-taught Frontend web developer and Data analyst with over 3 years of experience and over 15 personal projects.
- Contributed to code reviews and provided feedback to improve code quality.
- Worked with Backend Developers to integrate APIs to web pages.
- Effectively collaborated with project managers to successfully deliver projects.

### Volunteer/Open Source

Feb 2022 - present

- After My personal learning journey, I volunteered in numerous services to offer help and also gain experience.
- I make suggestions and contributions to many open source projects.
